Manga / Graphic and Design / Illustration

With the „Graphic Design” series, we offer our customers a wide selection of papers intended for a number of graphic and design applications. The high quality papers are designed specially for that type of application, which makes them an optimum basis for successful work.

Hand Lettering

170 gsm

When letters become art...

The Hahnemühle Hand Lettering Block offers hand lettering enthusiasts a first-class foundation for practising their art. Developed together with hand lettering artists, it has been tailored to their specific needs, forming the basis for outstanding lettering.

Brush pens, fine-tip pens and pencils simply glide across the highly smooth paper. Preliminary sketches can be easily rubbed out on the coated surface, and the tips of sensitive brush pens or paintbrushes are preserved. The smooth, closed surface traps colours and prevents bleeding.

The brilliant white paper ensures vibrant colours; both monochrome and multicoloured motifs stand out and can be easily scanned and then further processed digitally.

Our pads offer the perfect absorption and drying behaviour for brush pens, fine-tip pens and felt-tip pens.

Bristol

250 gsm - bright white, smooth surface, high opacity

BRISTOL is ideal for drafts, studies, illustrations and drawings or prints. The sturdy, ultra-smooth surface allows for working with dry and fluid drawing media. Pencils and coloured pencils, Indian-ink pens, fountain pens, fine liners and acrylic markers all glide over the smooth surface and make for an opaque colour layer. Also suitable for use with airbrushes.

The paper features a high opacity and a weight of 250gsm. On the non-absorbing surface, lines and colours stand out vividly. The bright white colour of the paper allows for the easy scanning and isolating of subjects without elaborate post processing. BRISTOL is eraser proof and can be cut easily. Additionally as a high-quality drawing paper it is perfectly suited for presentations.

Manga Layout & Illustration

80 gsm

Manga Layout & Illustration is a white lightweight paper with a closed smooth surface. Even without a light table it can be easily used to trace. Colours don't blend and even when applied as thick layers they don't bleed through to the next sheet of the block.

The Manga Layout & Illustration paper is available as 40-sheet block in A4. The paper is acid free and has a high longevity level.

The Manga sketchbooks with coil binding are ideal for creating scribbles or entire Manga stories. They feature a white lightweight paper with a closed smooth surface. Colours don't blend and even when applied in thick layers, they don't bleed through to the next sheet of the block. The sketchbooks are available in A5 and A4 landscape formats, each containing 75 sheets which feature a weight of 80gsm.

The paper is acid free with a high longevity.
